Location: Kaputa, Northern Province
Established: 6th June, 2023

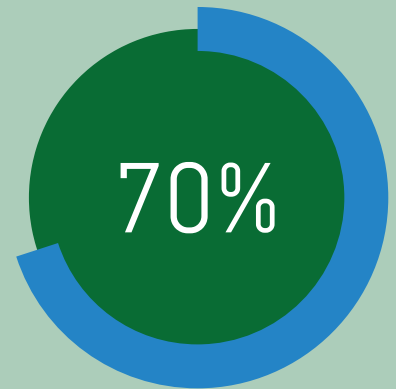

Focus Sport: Netball
Primary Age Group: 4-15 years

NETBALL

Kaputa, Northern Province

FEMALE PARTICIPATION %

Located in the Northern Province, this hub-site has recently established a netball programme which is rapidly growing interest and changing lives in the community.

To support with the continued development of netball at Kaputa hub-site, your donation will help to empower young girls.

EQUIPMENT AND RESOURCES

We will purchase and distribute goalposts, bibs, jerseys, cones, and whistles to the Kaputa Hub-site. This will ensure that participants have the essential equipment to develop fundamental skills and perform at their best. Goalposts will encourage competitions, which is a key element of hub-sites.

“ The hub site has helped many girls recognise the importance of sports and education, offering an alternative to early marriage, sexual activity, and drug abuse.

Kaputa, Hub-site Coordinator

LUWINGU DISTRICT

“I would like to express my sincere appreciation to Sport in Action for the equipment we received. This is the first time our participants have had the opportunity to wear jerseys at our hub-site, and it means so much to them.

Please continue your incredible work in supporting vulnerable communities—your efforts are truly making a difference, and the community is deeply grateful.”

Luwingu, Hub-site Coordinator

Located in the Northern Province, the Luwingu hub-site has been empowering over 160 young girls in recent years. Situated in a remote community where access to sporting opportunities is scarce, this site plays a vital role in fostering growth and development.

Thanks to your generous support, we are able to provide essential equipment that will not only enhance the netball sessions, but will also strengthen the life-skills programmes, further expanding the opportunities for these young girls to learn and grow.

EQUIPMENT AND RESOURCES

We will purchase and distribute essential equipment, including balls, goalposts, bibs, jerseys, storage bags, first aid kits, and whistles. This will provide participants with the tools they need to develop fundamental skills and perform at their highest level. The addition of goalposts will facilitate competitions, a core aspect of our hub-sites, and ensure that these competitions can be completed before dark, thanks to the increased availability of equipment.

COPPERBELT

“

“ The growth of this hub site is truly remarkable. Having access to basic equipment is incredibly motivating for participants and sports as a whole. To see a team that was once only invited to a tournament evolve into a thriving hub site is both inspiring and encouraging.”

Monica, National Hub-site Coordinator

”

The capacity at this hub site has grown significantly over the past few years, now offering sessions and competitions for over 250 participants each week.

To support the continued growth of netball at the Kawama hub site, your generous donation will play a crucial role in expanding the site further and empowering young people in the community.

TRAINING AND RESOURCES

A major challenge at this site is the limited opportunities for coach education and development. To address this, we will use donations to offer workshops and provide resources aimed at educating and empowering leaders in their roles, particularly officiating leaders. Providing these development opportunities will have a direct, positive impact on player development and overall growth at the site.

EASTERN PROVINCE

“Every great athlete starts with an opportunity - your support makes that possible.”

Coach from Mtenguleni

This sport and these programs are really transforming our community.

Blessed, Coach

Thanks to your generous support, we are able to provide essential equipment that will not only enhance the netball sessions, but will also strengthen the life-skills programmes, further expanding the opportunities for these young girls to learn and grow.

EQUIPMENT AND RESOURCES

We will purchase and distribute essential equipment, including balls, goalposts, bibs, jerseys, cones, and whistles. This will provide participants with the tools they need to develop fundamental skills and perform at their highest level. Currently, this hub-site uses creatively designed goal posts crafted from tree barks. The addition of goalposts will facilitate the number of competitions that can take place at this site. The current ratio of equipment to participants is not feasible. However, the support we provide will significantly increase the number of participants able to engage in the sessions.
